OTHER INTERESTS

Gaming   Football   Chess   Cricket

PROJECTS

- **LanCon** ○
  - LanCon is an Android application designed for communication over a Local Area Network (LAN) without the need for internet access.
  - **Tools:** Java, XML, SQLite.

- **JERIS LMS** ○
  - Online skill development platform: user authentication, course browsing, enrollment.
  - Multilingual support: English, Bengali; user profile management.
  - Access and manage favorite courses.
  - **Tools:** PHP, Laravel, SQL.

- **Plant Disease & Pest Detector** ○
  - Android app for detecting plant diseases and pests.
  - Real-time diagnosis.
  - Capture/upload images for disease identification and access educational resources.
  - **Tools:** Java, TensorFlow Lite, XML.

- **Result Checker** ○
  - Desktop app for calculating semester GPA based on grades.
  - Applicable for Rajshahi University students (session 2019-20) or with the same syllabus.
  - **Tools:** Java, JavaSwing.

- **CSE Online Classes** ○
  - Web platform for online video classes.
  - **Tools:** HTML, CSS.

- **TEC PRC** ○
  - Member & information management system for TEC Programming & Robotics Club.
  - **Tools:** PHP, Laravel, SQL.

- **Weather App** ○
  - Fetches and displays real-time weather data for a specified city.
  - Dynamically updates the UI with current temperature, weather condition, and forecast.
  - **Tools:** Java, XML.
